REMEMBRANCE

There are stars whose radiance is visible on Earth though they have long been extinct.

There are people whose brilliance continue to light the world even though they are no longer among the living.

These lights are particularly bright when the night is dark. They light the way for us.

—Hannah Senesh

A national heroine in Israel, Hannah Senesh was one of 37 recruits from Palestine who parachuted into Yugoslavia in order to support the Jewish partisans during the War.

Senesh was captured and killed by the Nazis in 1944. She was 23.
